

ACKNOWLEDGEMENT

*I would like to acknowledge all those without whom this project would not have been successful. Firstly, I would wish to thank our Mobile Application Development (MAD) teacher **Dr. Rashmi Singh**, who guided me throughout the project and gave her immense support. She made me understand how to successfully complete this project and without her, the project would not have been complete.*

This project has been a source to learn and bring our theoretical knowledge to the real-life world. So, I would really acknowledge her help and guidance for this project.

I would also like to thank my parents who have always been there whenever needed and my friends.

Once again, thanks to everyone for making this project successful.
